SUBJECT: PED DECLARATION

As a representative of the Pneumatic Division North America - A division of Parker Hannifin Corporation
- I declare the following product(s):

- Manual or air piloted, air pressure regulators
- Filters
- Lubricators
- Related air preparation equipment and accessories
- Air valves including slow start and quick exhaust valves

...as produced and/or supplied by the Pneumatic Division North America have been designed, tested and manufactured in accordance with "sound engineering practice", as defined by article 4, Paragraph 3, of Directive 2014/68/EU commonly referred to as the Pressure Equipment Directive.

Our products are designed and intended for use in industrial pneumatic, Article 13, group 2 nonhazardous applications as defined in Directive 2014/68/EU.

For products used in Article 13, Group 2 service with an internal PS*V coefficient (volume in liters times pressure in bars) under 50bar/ltr, no CE mark is required. Products in excess of the 50bar/ltr coefficient they will carry a CE sticker as required by directive 2014/68/EU and will be subject to all restrictions thereof.
